DAYSPRING
Dedicated to Maternal Wellbeing

We are proud to present **Stephanie Wiki** with her amazing story of how life changed for her in one day.

Her story is one of a life turned upside down and the earth literally shaking under her feet. For a 5 year period she went through more than most people do in a life time.

Join us to hear her story and learn that no matter what comes your way, YOU have the Inner Strength to overcome whatever earth shattering events that hits you!

“Fantastic real life story, lots of learning from this for myself and those I love. Well spent night.” S.C.

About Dayspring:

For over 30 years Dayspring Trust has been working with vulnerable families, and have a long history of positive involvement with mothers and their babies who are living with post-natal depression or an ongoing mental illness.

Our programmes and services are designed to positively influence the pathways for women and their families.
