

What's working well with the Emergency Department response to family violence?

We want to hear from support agency staff and volunteers about their experiences

Kia ora, I am undertaking confidential research into what creates a useful Emergency Department response to women who have experienced abuse by a partner. As part of this research I am seeking staff and volunteers from organisations and community groups who work with women who have experience of family violence and:

- Have worked with women who have been referred to them by, or have spoken about attending the Emergency Department and/or
- Have interacted with the Emergency Department or other hospital Department around a referral and
- Are willing to be interviewed or attend a focus group about their experience

I will be holding a focus group on Thursday 12th December 2019

Time: 10am – 11.30 am

Venue: Waitakere Community Resource Centre
8 Ratanui Street, Henderson

To find out more and/or RSVP please contact Shona at:

shona.miriam.mcleod@aut.ac.nz or (09) 921 9397

If you are interested in participating in this research but are unable to attend on this date or would prefer an individual interview, please let me know.

This research is being undertaken as part of a Doctor of Philosophy qualification.
