Call for Expressions of Interest for the Governance Collective

The AGM of the Auckland Women's Centre will be held on Friday, 2 December 2016 at 6pm, and the Governance Collective is calling for Expressions of Interest from women willing to serve on AWC's Governance Collective, for election at the AGM.

We particularly welcome interest by women from diverse backgrounds and we are also seeking women with financial skills (accounting, business) and fundraising skills (social enterprise, donor giving, event organising).

Governance members are volunteers who oversee the governance, vision, policy and strategic direction of the organisation. We are proud to lead a well known and highly respected not-for-profit agency that is feminist, participatory, proactive and community focussed.

We envisage that women interested in joining the Governance Collective will have the following attributes:

- A feminist analysis and a commitment to the Centre, its philosophy and work.
- An understanding of Te Tiriti o Waitangi and its implications.
- Experience at some level working in feminist or community groups.
- Ability to work collectively and a commitment to acting in the best interests of the organisation.
- Be a proactive team member.
- Good personal management skills including self-motivation, communication and time management skills.
- Able to give 4-8 hours per month.

If you would like to stand for election at our AGM for our Governance Collective please email a brief Expression of Interest to the Centre Manager, Leonie Morris akcentre@womens.org.nz by **5pm Wednesday 9 November**. Your Expression of Interest should outline your involvement in feminism to date and why you would like to be on the Collective.

If you would like further information about what is involved in serving on our Governance Collective please do not hesitate to contact me on the above email or ph 376 3227 x 7.

Ngā mihi nui

Leonie Morris
