### **S.K.I.P Advocates**

It's great you have decided to support the S.K.I.P messages of positive parenting. This is a Ministry of Social Development (MSD) initiative to support parents and caregivers in raising children in a positive way with the important job of nurturing our future generations.

With a busy year ahead we are looking at supporting community initiatives with parenting courses, workshops on how to engage a angry parent in public or support a stressed parent before they loose it with the kids.

Man Alive are offering free workshops for sports clubs and businesses focussing on supporting parents and caregivers before things out of hand. If you are interested in free workshops for your staff, sports teams, individuals or community group please contact me at 09-835-0509, extension 809. ☺

### **Building awesome whānau parenting Programme**

This new bicultural Toolbox Parenting course covers 6 areas with a Maori Flavour.

**Dates:** Six Thursdays from 12 March 2015

**Time:** 7pm till 9.15pm

**Cost:** \$75 per person, Subsidy available

**Venue:** 11 Edmonton Road, Henderson

**Please contact:** Togia Lanefale

09-835-0509, extension 809

022-657-6931

**Email:** [Togia@manalive.org.nz](mailto:Togia@manalive.org.nz)

My name is Togia Lanefale and MSD fund me to promote positive parenting using S.K.I.P messages.

As part of my social work role I support all parents and caregivers with a focus on fathers whom already have a parenting style but may like some additional strategies around the tricky bits of their child's early development.
